

“Why should we give a DAM” Marketing Matters contest

Tell us why your organization deserves some marketing help, and you could get DAM lucky. DAM² Marketing is offering free marketing support through our Marketing Matters program to a not-for-profit charitable arts or grass roots organization.

ABOUT MARKETING MATTERS

In addition to enhancing the success of our clients, we believe in providing marketing support for select not-for-profit, charitable, arts and grass roots organizations... those groups that simply cannot afford to hire a typical marketing agency.
